Hello I'm Leigh, I'm a business professional with 15 years experience in my industry, but I'm also a mum of three young children.

I understand how important it is to provide the best opportunities for your children's development, through access to educational and real-life learning.

Since 2012 I have helped hundreds of young learners from all over the world to grow in skills and confidence, by improving their use of English language in every day settings.

I'd love to be able to offer your child the same opportunities to love and learn English.
